REP. MULLIGAN, 55th Dist.

To: Subst. Senate Bill No. **366**

File No. 543

Cal. No. 645

(As Amended by Senate Amendment Schedule "A")

***"AN ACT CONCERNING NOTICE OF PESTICIDE APPLICATIONS
AT PUBLIC SCHOOLS AND AUTHORIZING THE USE OF CERTAIN
MICROBIALS."***

1 Strike subdivision (2) of subsection (c) of section 10-231c and insert
2 the following in lieu thereof:

3 "(2) On and after October 1, 2015, prior to providing for any
4 application of pesticide within any building or on the grounds of any
5 school, in addition to the requirements of subdivision (1) of this
6 subsection, the local or regional board of education shall provide for
7 notice of such application not less than twenty-four hours prior to such
8 application by posting the notice required by subdivision (1) of this
9 subsection either on or through: (A) The home page of the Internet
10 web site for the school where such application will occur, or, in the
11 event such school does not have an Internet web site, on the home
12 page of the Internet web site for such local or regional board of

13 education, and (B) the primary social media account of such school or
14 local or regional board of education. Each local or regional board of
15 education shall indicate on the home page of such board of education
16 how parents may register for prior notice of pesticide applications, as
17 described in subdivision (1) of this subsection. The local or regional
18 board of education shall additionally print such electronic mail
19 notification required by this subdivision in the applicable parent
20 handbook or manual, provided nothing in this subdivision shall be
21 construed to require the reprinting of such handbook or manual to
22 provide such notification. Nothing in this subdivision shall require the
23 development or use of an Internet web site, social media account or
24 electronic mail notification or alert system that is not already in use or
25 existence prior to the effective date of this section. For purposes of this
26 section and section 10-231d, as amended by this act, "social media"
27 means an electronic medium where users may create and view user-
28 generated content, such as uploaded or downloaded videos or still
29 photographs, blogs, video blogs, podcasts or instant messages."

30 Strike subdivision (2) of subsection (c) of section 10-231d and insert
31 the following in lieu thereof:

32 "(2) On and after October 1, 2015, prior to providing for any
33 application of pesticide within any building or on the grounds of any
34 school, in addition to the requirements of subdivision (1) of this
35 subsection, the local or regional board of education shall provide for
36 notice of such application not less than twenty-four hours prior to such
37 application by posting the notice required by subdivision (1) of this
38 subsection either on or through: (A) The home page of the Internet
39 web site for the school where such application will occur, or, in the
40 event such school does not have an Internet web site, on the home
41 page of the Internet web site for such local or regional board of
42 education, and (B) the primary social media account of such school or
43 local or regional board of education. Each local or regional board of
44 education shall indicate on the home page of such board of education
45 how parents may register for prior notice of pesticide applications, as

46 described in subdivision (1) of this subsection. The local or regional
47 board of education shall additionally print such electronic mail
48 notification required by this subdivision in the applicable parent
49 handbook or manual, provided nothing in this subdivision shall be
50 construed to require the reprinting of such handbook or manual to
51 provide such notification. Nothing in this subdivision shall require the
52 development or use of an Internet web site, social media account or
53 electronic mail notification or alert system that is not already in use or
54 existence prior to the effective date of this section. For purposes of this
55 section, "social media" means an electronic medium where users may
56 create and view user-generated content, such as uploaded or
57 downloaded videos or still photographs, blogs, video blogs, podcasts
58 or instant messages."
